# WELCOME

Thank you for coming to the Greater Bay Area Fundraiser. This is the only two-chapter fundraiser in the country and it benefits the conservation, humanitarian, and education programs for both the Golden Gate Chapter and the San Francisco Bay Area Chapter. This is the 17th annual joint fundraising event of our two chapters.

Both Chapters have supported a number of youth, humanitarian, and education activities again this year.

For Golden Gate, youth support included the Clays for Kids event at Bird's Landing, a Boy Scout shooting sports weekend, the Livermore-Pleasanton Rod & Gun Club youth program, and support for three Bay Area high school trap teams. [It is hard to believe, but we do have three high school trap teams!] San Francisco Bay Area supported quarterly shooting training and practice at local gun clubs, trap training at Coyote Valley Sporting Clays, and pheasant hunts at Hastings Island. The chapter also supports the annual Ducks Unlimited Youth Outdoor Day and Wilderness Unlimited Foundations youth program. Youth are certainly our future and represents a major focus for both chapters. Further evidence of that is our great youth raffle this evening.

Humanitarian support includes a wide variety of projects with a strong focus on veterans. San Francisco Bay Area provides funding and assistance for two special Wounded Warrior hunts annually. In addition, both Chapters provide support including funding and assistance for the local Purple Heart Outdoor Tour. This program provides hunting and fishing opportunities for deserving wounded special forces warriors. It is mind boggling to see what these guys have been through to protect our freedom. Our support helps fund a blacktail deer hunt in ranches around Livermore. Stop by to talk with Glenn Chrisman and the three veterans that he is hosting tonight. Both Chapters also have Feed the Hungry programs and support local charities such as the Salvation Army.

Our education support has funded the training of teachers at the American Wilderness Leadership School. Each chapter sends multiple teachers or other educators to this unique camp in Wyoming. The teachers learn how hunters support wildlife conservation as well as teaching them archery, rifle, and shotgun shooting, wildlife and plant education, and they even have a little fun river rafting. The San Francisco Bay Area Sables have special auction items in the Live Auction just to help fund additional teachers and students to attend this unique camp. If you know of anyone interested, please see Diane Sheardown at the Sables booth. Golden Gate has also supported University of California, Berkeley research on big game in California for decades. This has allowed us to influence the minds of many UC students that have never hunted in their lives.

San Francisco Bay Area provides funding for the California DFW Game Wardens Association, and has contributed to the Salmon Acclimation Pen Program among other conservation programs.

All in all, you can be proud of the work that both chapters are doing. YOU are the biggest reason this work can be done.

Remember this Fundraiser is not just a place to find cheap hunts. Please look at buying full-price hunts at the Fundraiser as a way to go on great outings while funding great programs.

# IMPORTANT NOTICES

## FIREARMS

Winners of all firearms must understand and be fully compliant with all Federal and California laws regarding firearm transfer and ownership. All firearm transfers must comply with Federal and California regulations. California law requires a 10 day wait after purchase of all firearms. Winners or buyers of all firearms must consult with Imbert & Smithers (the Fundraiser's agent regarding firearm matters) to determine the details of registration, fees, and location of delivery. For your convenience the Fundraiser firearms dealer is here tonight. All applicable fees will be for the winner's or buyer's account. Transfers must be completed **within 90 days** or the firearm ownership will revert to the Greater Bay Area Fundraiser committee. Should the winner or buyer be unable to complete the transaction for any reason, the winner or buyer shall forfeit the winnings or purchase without any compensation from the Fundraiser.

## LOCAL AND FOREIGN TAXES

CALIFORNIA SALES TAX must be charged on some non-service items. Some trip descriptions may not include additional taxes in the description; winning bidders must consult with the donor of their trip as soon as possible to determine if additional taxes may be payable. Any additional taxes are payable by the winning bidder/winner.

## SIGNATURES

All signatures on auction invoices are binding. Any changes or additions to the printed description of an item on the invoice that takes place during the actual auction must be recorded on the auction invoice.

## DISCLAIMERS

Your Fundraiser Committee works hard to offer quality trips from operators whom we believe are reliable, ethical, and well established. Because problems sometimes occur with even the finest companies, we cannot indemnify purchasers of trips or merchandise against problems which might arise and are beyond our control. We do not guarantee the quality or success of any hunt purchased at this auction. While the San Francisco Bay Area and Golden Gate Chapters of Safari Club International Boards of Directors will consider legitimate complaints, the rule of caveat emptor (let the buyer beware) must apply.

It is the responsibility of the purchaser to contact the donating outfitter immediately on making full payment to confirm dates of trip, obtain licenses, and arrange for reservations and accommodations.

**Further, anyone acquiring a trip and then arranging with the operator to postpone the trip beyond the time limit specified in the donation, does so at his/her own risk.**

## IRS INFORMATION

Amounts paid to San Francisco Bay Area and Golden Gate Chapters of SCI as part of this auction do not automatically qualify as charitable deductions. The amount of the charitable deduction, if any, is the amount you paid in excess of "fair market" value of the goods or services received. Please refer to IRS publication 1391, "Deductibility of Payments Made to Charities Conducting Fund-raising Events," and consult your tax advisor for the amount, if any, of charitable deductions which you may be allowed.

All winners of drawings with items valued \$600 or more AND with a value more than 300 times the drawing ticket amount will be receiving a 1099 for IRS purposes.

## PAYMENT

Full payment is due tonight. Your bid is the cash/check discount price. Special arrangements may be made to make payment via money order or cashiers check by contacting Beverly this evening.

# SET YOUR SIGHTS ON THE FUTURE OF HUNTING

YOU can help reunite your son, daughter, grandchild, or neighborhood 'kid' with the great outdoors just by contacting your SCI chapter.

Dwindling wilderness areas, hectic school and after-school activity schedules, economic hardships, computer games and the internet – all contribute to today's child becoming "an indoors kid" with little to no knowledge of the world outside four walls and electricity.

Teaching children to hunt helps develop positive life skills. From discipline, to patience, to endurance, to learning to deal with disappointment, hunting helps develop skills that will turn a child into a well-rounded adult.

SCI's Buck Buchanan provides a quarterly shooting day, hunter safety courses, and pheasant shoots for youth — all funded by the SCI SFBA chapter. Get involved today — contact Buck (2hunters2@comcast.net) to see about the next youth activity, give him a referral to a youth you know, or offer to help with the youth program.

**Tonight every youth will receive a ticket and win a prize appropriate to their age. Special prizes include:**

## LA-01 DRIVE A REAL VIET NAM ERA TANK ON A CUSTOM COURSE

Have you ever wanted to drive a tank? Here is your opportunity at the only live driving and shooting experience of its kind in the world in a safe environment — DriveTanks.com!

DriveTanks.com is providing the total experience including driving the "German Leopard 1A4" tank on a custom one-of-a-kind tank course. You'll also have the experience of shooting a true war weapon -- the M9 Flame Thrower. The M9 is a Viet Nam era weapon.

DriveTanks.com is a living military museum located on the acclaimed Ox Hunting Ranch, located just two hours west of San Antonio on 18,000 acres of some of the most beautiful land that the Texas Hill Country has to offer. It is a one of a kind operation and the premiere Tank Driving & Shooting adventure in the world.

Don't miss this unique opportunity for you plus up to five friends!

While at Drive Tanks you can hunt at the nearby Ox Hunting Ranch. This ranch is in the same area as Drive Tanks and has donated a 3 day 2 night all inclusive hunt for 2 hunters and 2 non-hunters. The hunters may choose to harvest a Texas Dall ram or a Black Hawaiian ram. See auction item LA-20

**LA-02 "MOUNTAIN RAM" BY CLINT EAGAR**

This is a Limited Edition, Artist Signed giclee by renowned artist Clint Eagar. "Mountain Ram" has been chosen as the SCI 2020 Artist of the Year piece, and this beautiful and inspiring piece is only available through Safari Club.

In Clint Eagar's words: "I was awestruck by how beautifully this bighorn ram was captured in this magnificent shot. This ram is a new world record and scored at 216 3/8. The image was taken by photographer David Irwin just over a year before this large male died of natural causes. It was a long and rigorous trip where the photographer almost lost his life on the journey."

"This bighorn ram was challenging to do, due to its depth of field and perspective of the shot taken over a mound. You can see the soft touches of the out-of-focus tundra close to you, as the subject is in mid-range of the shot. To create the painting with three levels of depth with the far-off background, also out of focus, shows what great attention to detail was taken to capture the look."

This item is a donation to the Sables chapter and will be used to sponsor teachers to attend the American Wilderness Leadership School (AWLS).

Each year at least two educators are sent to AWLS which has a tuition cost of \$900 per person and travel costs of up to \$500. In addition, educators receive a Hands-On Wildlife kit which costs \$515. This 100% donated auction item will underwrite these expenses to help our students and educators be more informed about the importance of hunting and fishing in conservation.

Previous attendees have returned with a completely new attitude towards hunting and fishing. **Contact Cathie Nelson tonight to learn more!**

**Special Notes:** Hunting wild pigs is one of the greatest benefits of California hunting — plentiful, year round access, and excellent protein when successful!

With access to 30 private hunting ranches and over 300,000 acres of prime California hunting ground, Clayton Grant and the Bitterwater Outfitters team traverse the varying terrains of brushy canyons, rolling grain fields, open flats and oak hillsides to find and then show you where the wild pigs are plentiful. An average pig weighs 150 pounds and they are prime meat pigs due to the various food sources in the area.

This is a guided wild pig hunt with up to two days of hunting, but due to the large pig numbers, as well as the experience and knowledge of the guides, a lot of hunts are concluded on the first day. With a 98% success rate you are sure to have the opportunity to get your game.

Includes up to two days of hunting either by foot or by truck or off road vehicle; field dressing and skinning of game; and complimentary delivery to a local butcher and/or taxidermist if requested. This hunt includes the opportunity to harvest one pig. Additional game may be taken and hunters may join at regular posted fees (see [www.bitterwateroutfitters.com](http://www.bitterwateroutfitters.com)) in consultation with Clayton.

Lodging and meals are not included but there are a lot of good options, including ones on the ranch hunting areas. The Central Coast is also in the heart much savored Wine Trail on Hwy 46 East. Make your trip more enjoyable by taking a wine tasting tour or going to one of the many wine festivals in Paso Robles which are held throughout the year.

# 2020 ADDITIONAL DONORS

Special thanks to all the donors listed throughout this program. Below are several more donors and contributors that we give a special thanks. Each has donated generously and only donations from those known to be of highest quality were accepted. These are the people you will want to shop with and patronize. Many have been with us for years! All deserve our thanks and appreciation for helping to further the mission of SCI internationally, nationally and locally!
